1. RULES OF THE FACULTY OF MANAGEMENT SCIENCES

The following rules are supplementary to the rules contained in the Calendar of the Central University of Technology, Free State (CUT).

GENERAL

A student may only follow the second-, third- or fourth-year level of study on condition that the first-, second- or third-year level, respectively, has been successfully completed.

A diploma programme may not be completed in less than three years, unless the student has been awarded exemption or recognition for at least four instructional offerings. Under such circumstances, the diploma programme may not be completed in less than two years.

In the case of Public Management, however, students register as follows:

- first year: six instructional offerings;
- second year: six instructional offerings;
- third year: seven instructional offerings; and
- fourth year: six instructional offerings.

Students must participate in all scheduled assessments. In the event of absence for a valid reason, it is the student's responsibility to arrange with the relevant lecturer and/or the Assessment and Graduations Unit for a special assessment session, or risk being penalised. The assessment policy and Assessment Manual 2018 contains comprehensive information regarding the assessment process.

Students may be expected to attend certain lectures in the evening or on a block basis over weekends.

In the case of Public Management, all first- to third-year lectures are presented during the day and repeated in the evening. Fourth-year lectures are presented in the evenings only.

A student must compile the curriculum according to the class and venue timetable, and is personally responsible for ensuring that there are no timetable scheduling conflicts.

No student will be allowed to graduate without successful completion of the Academic Literacy and Communication Studies programme.

Official and complete admission requirements are contained in Chapter 5. Admission requirements reflected in the learning programme section of the Calendar are sometimes only a summarised version thereof.

REMARKS

This learning programme is offered on a full-time basis.

The student completes a period of work-integrated learning at an accredited hospitality institution during the first six months of the second year, and the last six months of the third year of study.

It is compulsory for students to adhere strictly to the stipulated dress code. The Hotel School insists that its students conform to the international standards of a positive, professional attitude. Only students possessing a combination of sufficient knowledge of the instructional offering and a positive, professional attitude merit a diploma. Lecturers continuously assess students as far as knowledge of instructional offerings and professional attitude are concerned.

It is expected of students to participate in community engagement projects initiated by the Hotel School in order to advance their field of expertise and their ability to work under pressure in industry situations. A student who is absent from a function without a valid excuse may be denied admission to Hospitality Work-integrated Learning II and III.

Involvement in functions organised by the Hotel School forms part of the instructional offering. All students are to be involved in departmental functions organised by the Operational Manager. All functions involving the Department are the responsibility of the Operational Manager, and are approved at a departmental meeting.

Any application for permission to be absent from class due to illness, death of a family member or another urgent matter is to be submitted to the Secretary of the Hotel School. A student who is absent from two practical sessions in the same instructional offering without a valid excuse risks being denied admission to the final assessment in that particular instructional offering.

After successful completion of this qualification, the National Diploma will be awarded during an official graduation ceremony of CUT.

Applicants in possession of the National Certificate Vocational (NCV) will be selected according to the selection requirements as approved by Senate.

336 CUT Calendar - 2018

Admission requirements

In consideration of the demanding nature of the hospitality industry, the Hotel School follows a strict selection process. An applicant's suitability for the course is assessed on the basis of previous academic performance. In addition, an applicant wishing to be considered for this learning programme must possess qualities such as versatility, willpower, determination, social skills and the ability to work independently.

Previous and current involvement/interest in the industry will be to the candidate's advantage.

Due to the limited number of students that can be accommodated, interviews and psychometric testing are conducted at the Hotel School in Bloemfontein with prospective candidates who obtain a CUT score lower than 32. Applicants must convince the selection panel of their motivation, attitude and enthusiasm for a career in Hospitality Management.

Proficiency in written and spoken English is essential.

For candidates who matriculated in 2007 or before:

In addition to the general admission requirements, a minimum mark of 40% in one of the following subjects is recommended: Accounting, Mathematics, Business Economics, Economics, Mercantile Law, Hotel-keeping and Catering, or Home Economics. Candidates with 32 points or more on the CUT scoring scale will be automatically admitted to this programme. Due to the relatively high demand for places in this programme, no applicants with a score lower than 24 on the CUT scoring scale will be considered for selection (recognition of prior learning (RPL) cases excluded).

For candidates who completed the National Senior Certificate (NSC) in 2008 and thereafter:

In addition to the general admission requirements, the candidate will also be subject to a selection test and an interview. Consumer Science, Hospitality Studies, Accounting or Business Studies is recommended. Candidates with 32 points or more on the CUT scoring scale will be automatically admitted to the programme, subject to any other conditions that may apply. Due to the relatively high demand for places in this programme, no applicants with a score lower than 24 on the CUT scoring scale will be considered for selection (RPL cases excluded).

REMARKS

Admission requirements

Applicants in possession of the National Certificate Vocational (NCV) will be selected according to the selection requirements as approved by Senate.

In consideration of the demanding nature of the hospitality industry, the Hotel School follows a strict selection process. An applicant's suitability for the course is assessed on the basis of previous academic performance. In addition, an applicant wishing to be considered for this learning programme must possess qualities such as versatility, willpower, determination, social skills and the ability to work independently. Previous and current involvement/interest in the industry will be to the candidate's advantage.

Due to the limited number of students that can be accommodated, interviews and psychometric testing are conducted at the Hotel School in Bloemfontein with prospective candidates who obtain a CUT score lower than 32. Applicants must convince the selection panel of their motivation, attitude and enthusiasm for a career in Hospitality Management. Proficiency in written and spoken English is essential.

For candidates who matriculated in 2007 or before:

In addition to the general admission requirements, a minimum mark of 50% in one of the following subjects is recommended: Accounting, Mathematics, Business Economics, Economics, Mercantile Law, Hotel-keeping and Catering, or Home Economics. Candidates with 32 points or more on the CUT scoring scale will be automatically admitted to this programme. Due to the relatively high demand for places in this programme, no applicants with a score lower than 24 on the CUT scoring scale will be considered for selection (recognition of prior learning (RPL) cases excluded).

For candidates who completed the National Senior Certificate (NSC) in 2008 and thereafter:

In addition to the general admission requirements, a candidate will also be subject to a selection test and an interview. Consumer Science, Hospitality Studies, Accounting or Business Studies is recommended. Candidates with 32 points or more on the CUT scoring scale will be automatically admitted to the programme, subject to any other conditions that may apply. Due to the relatively high demand for places in this programme, no applicants with a score lower than 24 on the CUT scoring scale will be considered for selection (RPL cases excluded). Candidates who score between 25 and 32 points on the CUT scoring scale are invited to an interview and psychometric test.

Optional instructional offerings

All instructional offerings are compulsory.

PREREQUISITES

- After successful completion of this qualification, the Diploma will be awarded during an official graduation ceremony of CUT.
- Proficiency in written and spoken English is essential.
- No student will be allowed to graduate without completing the Academic Literacy and Communication Studies programme. The Academic Literacy and Communication Studies programme requires the successful completion of two instructional offerings, A and B, in this specific order. A distinction (75% or more) in instructional offering A ensures exemption from instructional offering B. A pass (without distinction) means that the student must pass instructional offering B in order to meet the prerequisite for the learning programme. Failing instructional offering A means that the student must re-register for instructional offering A in a subsequent semester.
- For first-year studies, a student may only continue with a second-semester subject if the specific first-semester subject has been successfully completed.
- A student may only follow the second- or third-year level of study on condition that the first- or second-year level, respectively, has been successfully completed.
- A student may only register for Accommodation Management II if he/she has passed Accommodation Management I: Theory and Accommodation Management I: Practical.
- A student must pass Culinary Studies: Theory I, Culinary Studies: Practical I and Nutrition I before he/she will be allowed to register for Culinary Studies II.
- A student may only register for Hospitality Event Management if he/she has passed Culinary Studies & Nutrition II and Food & Beverage Studies II.

This learning programme is offered on a full-time basis.

Work-integrated Learning:

- The student completes a period of work-integrated learning at an accredited hospitality institution during the first six months of the second year, and the last six months of the third year of study.
- A student who is absent from a function without a valid excuse may be denied admission to Hospitality Work-integrated Learning II & III.
- A student will only be placed for Hospitality Work-integrated Learning II if he/she passed all first-year level instructional offerings.
- A student will only be placed for Hospitality Work-integrated Learning III if he/she passed all third-year level instructional offerings.

 A student who is dismissed on the basis of misconduct whilst undergoing his/her work-integrated learning will fail the instructional offering, and will have to re-apply for admission to the Hotel School.

352

• A student's work-integrated learning with an employer may be terminated if the conduct of the student is harmful to the reputation of the employer and/or the Hotel School. The student will then fail the instructional offering.

General:

It is compulsory for students to adhere strictly to the stipulated dress code, and all other rules as addressed in the Rule Book of the Hotel School. The Hotel School insists that its students conform to the international standards of a positive and professional attitude. Lecturers continuously assess students as far as knowledge of instructional offerings and professional attitude are concerned.

It is expected of students to participate in community engagement projects initiated by the Hotel School in order to advance their field of expertise and their ability to work under pressure in industry situations.

Involvement in functions organised by the Hotel School forms part of the instructional offerings. All students are to be involved in departmental functions organised by the Operational Manager. All functions involving the Department are the responsibility of the Operational Manager, and are approved at a departmental meeting.

Any application for permission to be absent from class due to illness, death of a family member or another urgent matter is to be submitted to the Secretary of the Hotel School within 48 hours of the class/assessment missed. A student who is absent from two practical sessions in the same instructional offering without a valid excuse risks being denied admission to the final assessment in that particular instructional offering.

For candidates who matriculated in 2007 or before:

A candidate must score at least 28 or more points on the CUT scoring scale. Every applicant must write a scholastic aptitude test and undergo an interview. Due to the relatively high demand for places in this programme, a candidate who scores less than 24 points on the CUT scoring scale will not be considered for selection.

For candidates who completed the NSC in 2008 and thereafter:

A candidate must score at least 28 or more points on the CUT scoring scale. Every applicant must write a scholastic aptitude test and undergo an interview. Due to the relatively high demand for places in this programme, a candidate who scores less than 24 points on the CUT scoring scale will not be considered for selection.

The student completes a six-month period of work-integrated learning at an accredited tourism business during the last six months of the third year of study.

It is expected of the student to participate in community engagement projects initiated by the Department of Tourism and Event Management in order to advance their field of expertise.

Optional instructional offerings

German OR French

PREREQUISITES

The student may only follow the second-, third- or fourth-year level of study on condition that the first-, second- or third-year level, respectively, has been successfully completed.

The Academic Literacy and Communication Studies programme requires the successful completion of two instructional offerings, A and B, in this specific order. A distinction (75% or more) in instructional offering A ensures exemption from instructional offering B. A pass (without distinction) means that the student must pass instructional offering B in order to meet the prerequisite for the learning programme. Failing instructional offering A means that the student must re-register for instructional offering A in a subsequent semester.

No student will be allowed to graduate without completing the Academic Literacy and Communication Studies programme.
