For candidates who completed the NSC in 2008 and thereafter:

In addition to the general admission requirements, candidates must submit a portfolio of their work. Consumer Studies is recommended.

Optional instructional offerings

All instructional offerings are compulsory.

PREREQUISITES

Instructional offerings at first-year level (e.g. Clothing Construction I) must be passed before a student will be permitted to enrol for the second- or third-year level (e.g. Clothing Construction II and Clothing Construction III). Pattern Construction and Clothing Construction are to be passed in the same year. No student is permitted to enrol for the subsequent level unless both instructional offerings have been passed in the same year.

A distinction (75% or more) in instructional offering A ensures exemption from instructional offering B. A pass (without distinction) means that the student must pass instructional offering B in order to meet the prerequisite for the learning programme. Failing instructional offering A means that the student must re-register for instructional offering A in a subsequent semester.

No student will be allowed to graduate without completing the Academic Literacy and Communication Studies programme.

REMARKS

The aim of the Extended Curriculum Programme in Graphic Design is to provide a set of learning activities that are designed to enable students from disadvantaged educational backgrounds to perform successfully in their chosen field of study. Components of the ECP are an intrinsic part of the curriculum of the normal National Diploma: Graphic Design programme. Students who pass the first year will be allowed to register for the second year. Only a limited number of students will be accepted.

After successful completion of this qualification, the National Diploma will be awarded during an official graduation ceremony of CUT.

Applicants in possession of the National Certificate Vocational (NCV) will be selected according to the selection requirements as approved by Senate.

Admission requirements

Candidates will only be admitted following a successful interview and/or the submission of a portfolio. Information is available from the Head of Department.

For candidates who matriculated in 2007 or before:

A National Senior Certificate or equivalent qualification.

For candidates who completed the NSC in 2008 and thereafter:

In addition to the general admission requirements, candidates must submit a portfolio of their work, and an additional applicable assessment may be required. Design is recommended.

Optional instructional offerings

All instructional offerings are compulsory.

PREREQUISITES

The student may only enrol for the second-, third- or fourth-year level of a learning programme only if he/she has passed the first-, second- or third-year level respectively.

The Academic Literacy and Communication Studies programme requires the successful completion of two instructional offerings, A and B, in this specific order.

A distinction (75% or more) in instructional offering A ensures exemption from instructional offering B. A pass (without distinction) means that the student must pass instructional offering B in order to meet the prerequisite for the learning programme. Failing instructional offering A means that the student must re-register for instructional offering A in a subsequent semester.

No student will be allowed to graduate without completing the Academic Literacy and Communication Studies programme.

The student may proceed to the second-year level in Professional Graphic Design Practice if he/she has failed one module of this instructional offering in the first year, with the proviso that he/she re-registers for the failed module in the same year in which he/she registers for the second-year instructional offering.
